From

The Comptroller, Mysore Government.

To

The Deputy Secretary to the Government of Mysore
 in charge of Muzroi Department.

Dated 4th June 1901.

No

Sir,

With reference to Government Pro: No. ⁷²¹ Muz 5-9 dated 9th January 1901, I have the honor to state that the verification of Muzroi balances has come to a close, and that the result of the examination is explained in detail in the Auditors report, which is herewith sent in original with its accompaniments.

2. The Muzroi balances recorded in the District Accounts were found in certain years to agree with those shown in the books of this Office with small differences as detailed in the margin. The only marked differences are Rs. 4039 in the Hassan

	<u>Opening Balance.</u>			District
	As per Comptroller's books.	As per District accounts.	Difference.	and
				Rs. 4191 in

Hassan	<u>31814</u> 99682	<u>35853</u> 99057	<u>-4039</u> 625	Rs. 4000 debitabl

to Mysore District being debited to Hassan District, or to a like sum creditable to Hassan District being credited to Mysore District, in transcribing the figures from one book into another in this Office. On the whole the district figures are less by

Rs.625 than those of this Office; consequently the former figures were adopted as the starting balances, to which the receipts and payments in subsequent years ^{verified} from the initial accounts of the treasuries and audit Registers were added, and the total amount thus worked out has been adopted as final closing balance on 30th June 1900.

3. Institution^{war} details for the opening balance of the Kolar District (Rs.2412) and for the sum of Rs.417 and Rs.767, which formed one of the several items included in the opening balance of the Tumkur and Shimoga Districts, were not available in the accounts of those Districts as explained in the Auditor's report, and those sums were therefore treated as a general ^{saving} at credit of those districts, and applied towards the reduction of some special charges which were ordered by Government to be met from those district Muzroi Funds.

4. At foot of each District statement, several payments made on account of special prayers offered in Muzroi institutions on the occasions of the births of Royal Princes, Royal marriages, Jubilee celebrations ^{which} were ordered by Government to be met from District Muzroi Funds have been entered, and deducted from the total balance of the district. Orders are now requested to debit those amounts against the various Major institutions in proportion to the balances that remain to their credit the minor institutions having if any very small individual balances to their credit barely sufficient to keep them in order being exempted from these charges. Similarly, the lump-sum credits shown in statement (I) attached hereto which cannot be credited to any particular institution may also be ordered to be ratably credited.

5. Charges incurred for repairing the two important institutions namely:-

- (1) Ranganatha Swamy Temple at Srirangapatna.
- (2) Gangadharaswara Temple at --Do--

and for maintaining Muzroi clerical establishments in the late Muzroi Secretary's Office have under the orders of Government

Government, been debited to Surplus Funds without any specification of the institutions to whose funds the charges should be debited. Some payments were also made for repairing certain institutions, which have to be debited against the sum of Rs.15000 described in the succeeding para and not to the funds of those institutions. These and the other payments amount to Rs.44,130/ as detailed in the statement No.II appended to this ^{Letter}~~Office~~. As it is not equitable to apportion these payments proportionately to the funds of the several institutions in the Province, I beg to submit the following proposal.

6. A sum of Rs.15000 was assigned as usual in 1894-5 from the State Revenues for constructing and repairing Muzroi institutions, and this sum was under the orders of Government, credited in lump to surplus funds in the accounts of that year, as it was not possible to distribute it among the several institutions. This credit may therefore be set off against the debit of Rs.44130/- alluded to in the preceding para. Similarly a sum of Rs.2278/- which remained to the credit of certain institutions, whose grants have been resumed by Government (Vide statement III appended to this report), may also be set off against that debit. There will be still left a balance of Rs.26,852 unadjusted, which may be debited to the funds of the Muzroi institutions under Palace management, which on the 30th June last amounted to Rs.66,041/-. I propose this adjustment as the Muzroi Surplus Fund can justly claim a refund of Rs.26000 and odd which these institutions obtained for adjusting the excess expenditure in the Maharaja's Chutram in the previous years. If the Government had been aware at the time that such a large amount as ^{Rs.}66041 was standing ^{ing at} the credit of these ^{institutions}~~institutions~~ the above grant would probably not have been sanctioned at all from the general revenues.

7. To avoid all such future differences between the balances on the books of my Office and those in the District accounts and to ensure a correct application of the funds of each important institution for its own benefit, a detail monthly audit of the accounts of these institutions is necessary. For

For this purpose the Muzroi institutions in the Province may be divided into two classes, Major and Minor. Only in the case of major institutions detail monthly audit of receipts and expenditure is necessary. In the case of minor institutions having no other sources of income than the small Government grants, . . payments may be made to the Archakas of the Temples monthly or yearly on their simple receipt without going into the details of expenditure. At present whenever any special works are sanctioned for any of the major institutions the estimate is sanctioned to be met from the balance remaining at its credit. A personal ledger has therefore to be maintained in future in this Office for each such institution, but in the case of minor institutions their savings are insignificant, and when any repair has to be executed to any institution or when any special charge has to be incurred, the grant is now generally made

from the State revenues. It is therefore needless to open a separate personal ledger for each institution to ascertain its balance. All savings of these minor institutions may be clubbed together as a general Provincial Fund say "Muzroi Surplus. Minor institutions" as distinguished from "Muzroi Surplus Major institutions" for which individual details will be maintained in this Office. The First surplus may be utilized under the orders of Government for any special repair or restoration or for any other special purposes of any one of those institutions. Should these proposals meet with the approval of Government, all the balances of the minor institutions on 30th June '00 will be put together under the head above suggested and the payments heretofore ordered to be debited to District and Provincial surplus Funds (vide paras 4 & 5) will be adjusted as therein proposed and a final balance for each major institution worked and booked.

3. What institutions may be regarded as major and what minor has to be decided by you with reference to the local importance and financial resources of the several institutions. I may however suggest that all institutions whose average total annual income (i.e. Government Grant plus endowments and other sources)

exceed Rs.500 may be classed as ~~major~~^{major} From the lists in my Office I cannot say how many such institutions there are in the Province but I believe the number may not exceed ~~25~~,500. If detail audit as above suggested be decided upon, I request that you will be so good as to favor me with a list of the major and minor institutions, informing me at the same time whether in case of those institutions which are endowed with lands the accounts for the revenues accruing from lands should also be audited by this Office. On receipt of a reply to this letter, a set of rules and forms for the ~~major~~^{major} accounts will be drawn up by this Office and submitted to Government with a Proposition statement for the establishment required for auditing these accounts. The cost of this establishment is I think a legitimate charge on these Funds and will have to be rateably distributed.

I have the honor to be,

Sir,

Your most obedient servant,

Comptroller.

Comptroller.

Note.

Verification of Muzrai Accounts.

The accounts of the Hassan District were first taken up for verification. After a careful and elaborate examination of the Muzrai Accounts maintained in the several Taluks of this District, it was found that the monthly Returns prepared in the Muzrai Department were not based on Treasury Accounts, but on the accounts of Receipts and Expenditure furnished by Temple and Chattram Parpathegars, and that therefore the amount shown in these monthly Returns as the balance of Muzrai funds did not represent the savings actually held in the Treasury. How far the Muzrai accounts differed from the Treasury accounts can be judged by a careful comparison of the figures in the annual Muzrai account of Kadur District for 1885-86 with those in another set of Muzrai accounts also maintained in the same District Office with reference to the Treasury transactions. Both these accounts have been obtained from the District Office. According to the former which also bears the District Treasury Officer's Certificate, the balance of savings that stood at the credit of the Muzrai Institutions in the District on the 31st March 1886 was Rs 36,042-0-2, while according

to the Treasury Accounts, the amount was only Rs 21,587-13-10. The reason for such a wide discrepancy is not far to seek. In the first place, the present form of the Muzrai Return which was prescribed so far back as 1878 is now but very hazily understood, and in consequence there prevails a great diversity of practice in the preparation of these accounts by the Taluk and District Muzrai Officials. From personal local enquiries, I however understand that these accounts include the following items which do not at all appear in the Treasury Accounts :-

1. Puduwat loans due from private individuals. These funds do not find a place in the Treasury transactions and the loans in most cases have become time-barred and irrecoverable.
2. Gairades, i.e., unexpended balances of the annual Muzrai cash grants which have not been formally credited to the Surplus Funds. These sums have according to the Treasury Rules lapsed to the State, but yet are looked upon by the local Muzrai Officers as savings actually available for expenditure at any time required.
3. Muzrai Funds invested in the Government Savings Bank. - In the Comptroller's Accounts these investments appear under the head of Savings Bank Deposits.

4. Estimated money value of grains and provisions in the temple and Chattram stores.

2. Almost all the District and Taluk Offices maintain, in addition to the Muzrai Returns, another set of accounts of Receipts and Expenditure of Muzrai Funds based on actual Treasury transactions. But even these do not tally with the Books of the Comptroller's Office for the following reasons:—

I. The adjustments of advances, when made in the Comptroller's Office, on Completion Bills countersigned by Government, are not generally communicated to the District and Taluk Officers concerned.

II Due intimation has not been given to the District and the Taluk Treasuries of all debits made in the Books of the Comptroller's Office (a) in adjustment of expenditure charged by the Public Works Department on account of the Muzrai works executed through the agency of that Department; and (b) on account of several Charges incurred in the Muzrai Office out of Muzrai Surplus Funds.

III The departmental accounts prepared by the Amildars are based on a classification made of all Credits and debits recorded in the Treasury C. Book as per Taluk Treasury Ledger Forms I and II respectively. These

ledgers are filed in the District Treasury, the latter submitting to the Comptroller's Office only a monthly statement shewing the total of Credits under the several Budget Heads for the entire District. These totals are transferred to the Credit-ledgers in the Comptroller's Office. ~~and~~ As regards ~~the~~ Expenditure, ^{however,} the original vouchers themselves with a detailed list of payments are sent up to the Comptroller's Office, where they are classified and adjusted under the several Budget Heads. But these adjustments are not communicated to the District and Taluk Officers concerned so as to enable them to test the accuracy of the local accounts prepared with reference to their Treasury ledgers I and II referred to above and to rectify discrepancies.

. IV. The Districts of Hassan and Chitaldrug were abolished in December 1882 and were re-constituted with some territorial changes on 1st April 1886. But the corresponding alterations necessary in the Accounts of these Districts were not made in the Books of the Comptroller's Office. On the other hand, balances of Muzrai Funds that stood at the credit of these Districts in December 1882 were adopted as the opening balances for the respective Districts on their re-constitution in April 1886. The error in this respect has proved a material source of discrepancy between the Comptroller's and the District Muzrai Accounts.

3. So far as the Treasury Accounts are
concerned

Concerned, the final annual ledgers prepared in the Comptroller's Office must represent the correct cash balance under the several Budget Heads. And as in the case of Muzrai Funds the ledgers give only a Provincial total, I had to find out Institutionwar details for this total, starting at some period when, after making the adjustments necessitated in the accounts by the abolition in 1882 and the subsequent re-organization in 1886 of Chitaldrug and Hassan districts; the Comptroller's and the District Accounts either tallied or the difference between the two was at a minimum, and work out Institutionwar details for subsequent Muzrai Credits and Debits month by month. As none of the Comptroller's Books show details for the Credits, these I had to gather from the District and Taluk Treasury accounts, wading even through the original C. Books in many cases where no easier references were available. The Debits were analysed by reference to the original lists of payments and the adjustment Registers of the Comptroller's Office. In thus working out Institutionwar details of Credit and Debit, the two Heads of Muzrai Funds, viz - "Surplus" and "Receipts of Temples under the management of Government Officers" - have been put together as such amalgamation has been already decided upon by Government in accordance with the proposals made by the Comptroller. (Vide Dewan's order recorded on

the Comptroller's letter to Government - No. $\frac{1904}{732}$
dated 10th September 1898).

4. The starting points varied in the case of the different districts and were as follows:—

Bangalore	18 th April 1885
Kolar	18 th April 1881
Tumkur	18 th April 1881
Shimoga	18 th April 1881
Chitaldrug	18 th December 1882
Maddur	18 th April 1883
Mysore	18 th April 1882
Hassan	18 th December 1882.

Comparing the figures given in para 2 of the Comptroller's letter with those in the Accountants' Report and its annexures, I notice some discrepancies which I am unable to reconcile with the papers now before me. The Comptroller's Report does not explain how the closing balance of the Murzai Funds as per District Account on the 30th June 1900 stood as compared with the deficit of the Comptroller's Office; nor do the Accountants' Report and its annexures throw any light on the point.

5. The following points call for special notice:—

- (1) Several payments on account of repairs to certain important Institutions, on account of special prayers offered in Murzai Institutions on the occasions of the births of the Royal Princes, Royal marriages, Jubilee celebrations and on account of the Murzai Clerical Establishments in the Taluk, District and the Dewan's Offices, have, under orders of Government, been

charged to "General Muscari Surplus Funds", both District and Provincial, without any specification of the Institutions to whose funds the charges are debitable. Per Contra there are a few items of Credit of a miscellaneous nature which cannot be associated with any particular Institution. Statement no. I, appended to the Comptroller's Report gives details of the latter. But in this statement have been included the undrawn Taadik grants for the year 1899-1900 aggregating to Rs 9133-9-8 as noted in the margin, for which

Trunkur	196-11-7
Shimoga	116-3-2
Hassan	3037-4-2
Mysore	5783-6-9
Total	Rs 9133-9-8*

however, Institution-wise details might be worked out by analysing the paid up Bills filed in the Comptroller's Office.

Excluding these items, the balance of Credits of a general nature amounts only to Rs 1309-3-4.

(2) As regards the adjustment of the General Credits and Debits relating to the several Districts, the Comptroller in para 4 of his Report proposes to distribute both among the funds of the important major Institutions in the respective Districts excluding altogether from this process the minor ones possessing small balances at their credit. But I beg to submit that any such distribution at this distance of time will not only prove a very laborious task, but will also tend to throw the accounts into greater confusion. Again, the funds of the minor Institutions and not those

of the major ones are just the proper source wherefrom the general charges may be adjusted. For, the minor institutions are taken care of by the devotees themselves; and sums credited to the savings of these institutions generally are petty items of Tassdik finally withheld for disbursement owing to the failure of the Pujaries to receive payment of the Tassdik in proper time or to keep the Institution in good condition in fulfilment of the terms of the grant. These savings are individually too small to be of any use to the Institutions themselves, but put together, the aggregate will form a substantial fund wherefrom the Government may draw for all general charges in connection with the administration of the Muzrai department without prejudice to the interests of the Institutions. On the other hand, the savings of the major Institutions should be carefully watched over and conserved individually in order that they might be made available to meet the ~~costs of the~~ heavy demands frequently made upon them for purposes of repairs &c. It is in this view that the Standing Orders in force from the days of the Chief Commissioner distinctly prohibit the appropriation of funds of one Institution for the benefit of another.

(3) Next, as regards the adjustment of the sums ordered to be charged to Provincial Surplus Funds, the Comptroller

in

in para 5 of his Report proposes that these may be debited to the following sources:—

i. Rs 15000 sanctioned as State Grant for the repairs of the Muzrai Buildings during the year 1894-95 and subsequently credited to the Surplus Funds under orders of Government.

ii. Rs 2278, savings available at the credit of certain Institutions which have ceased to be Muzrai Institutions in consequence of the resumption of their Inam grants.

iii. Rs 26,496-9-7 sanctioned from State Funds to adjust the excess expenditure in H.H. the Maharaja's Chattram at Allypore from 1892 to 1898.

With reference to the above, I beg to submit the following points for consideration:—

Item i.— In Govt. order no. ¹⁶ ~~muor 7105-92~~ dated 9th July 1895, the Comptroller was requested to credit only such portion of the State Grant for 1894-95 as remained undrawn at the end of the year in consequence of the non-completion of the works for which allotments had been made; and the Comptroller was also informed that the sum so credited to Surplus Funds might be

made available for payment as the sanctioned works were completed. Accordingly, several Completion Bills subsequently received in respect of these works were passed on to the Comptroller with a request to adjust the charges by debit to the portion of the State Grant of 1894-95 credited to the Surplus Funds in pursuance of the Govt. order of the 9th July 1895 above cited. In these circumstances, it is not understood how the full State Grant of Rs 15000, assigned for the year 1894-95 was credited to Surplus Funds, and how the money may be considered to be now available for the adjustment of other charges. In his Financial Report for 1894-95 the Comptroller states that a sum of Rs 23,778. was debited to the State during the year on account of the repairs of Musgrain Institutions; and in explanation of this comparatively large debit, the Comptroller observes that it was due to the adjustment of the charges of 1893-94 having been made in the books of 1894-95; but it is not clear if the aforesaid amount of Rs 23,778. includes also the original grant of Rs 15,000 - now reported to have been credited to the Surplus Funds.

* vide Sta
II attach
Comptroller
Report

The item of Rs 2278- available at the credit of certain Institutions not now under Muzrai management may well be appropriated for the adjustment of the charges ordered to be debited to the General Muzrai Surplus Funds.

States that the Muzrai surplus and can justly claim a refund - Rs 26000 and odd which these (see Muzrai) Institutions obtained for justifying the excess expenditure in Maharaja's Chattram in the previous year; and he adds

Referring to the third item of Rs 26,496-9-7, the Comptroller proposes to ~~refund this grant from the savings of the Palace Muzrai Institutions and add it~~ ~~on to Muzrai Surplus Funds in view to its appropriation for the adjustment of the charges ordered to be debited to the General Muzrai Surplus Funds.~~

~~He argues that~~ ^{that} if the Government had been aware at the time that such a large sum as Rs 66,041- was standing at the credit of these Institutions, the above grant would probably not have been sanctioned at all from the General

that this grant was not made out of revenues ^{that} the existence or non-existence of Surplus Funds at the credit of the Muzrai Institutions under the management of the Palace Comptroller had no connection whatever with the aforesaid grant which was sanctioned by Government for the special benefit of the Chattram. On the other hand, the Government were then not unaware of the existence of sufficient Surplus Funds at the credit of the Palace Muzrai Institutions; and in the words of the Government order, the object of the grant in question was to re-imburse to the other Palace

But I beg to submit ^{further} that the existence or non-existence of Surplus Funds at the credit of the Muzrai Institutions under the management of the Palace Comptroller had no connection whatever with the aforesaid grant which was sanctioned by Government for the special benefit of the Chattram. On the other hand, the Government were then not unaware of the existence of sufficient Surplus Funds at the credit of the Palace Muzrai Institutions; and in the words of the Government order, the object of the grant in question was to re-imburse to the other Palace

Muzrai Institutions, the sums advanced
from their savings for Chattram expenditure.
 In Pro: no. $\frac{626-7}{\text{Muz 751-93}}$ dated 14th December 1893,
 on the subject of the management of His
 Highness the Maharaja's Chattram, the Govt.,
 in consideration of the special importance
 of the institution, have laid down as
 follows:—

“No traveller should be refused
 food on the ground of want of funds.
 If the grant allotted for the Chattram
 be found inadequate owing to any
 exceptional and unexpected rise
 in the number of persons fed, the
 Palace Controller should obtain
 sanction of Government in the
 Muzrai Department for additional
 expenditure under this head on
 submission of a supplemental Estimate.”

That the Government were always
 prepared to pay the excess grant required for
 Chattram expenditure from the General
 Revenues of the State is manifest from the
 observations contained in the marginally
 noted Proceedings. (1) no. $\frac{1317-8}{\text{Muz 751-93}}$ dated 26th June 1897
 But in the particular (2) no. $\frac{1347-8}{\text{Muz 751-93}}$ dated 16th June 1899
 case under advertence, (3) Paras 2 & 3 of S no. 30 dated 14th December 1891.

the only peculiarity was that instead of
 sanctioning funds for the excess expenditure
year by year, which the Government would
 have done if the Palace Controller had only
 acted in accordance with the orders laid
 down in their Pro: of the 14th December 1893,
 the total excess expenditure aggregating

to Rs 26,496-9-7 for a period of six years together from July 1892 to June 1898 was sanctioned all at once. In these circumstances, there is no reason why the aforesaid grant should be disturbed at this distance of time simply for the purpose of adjusting the charges incurred years ago for the repairs of the temples at ^{at Surmangpalam -}

(4) If however, I may be permitted to suggest a course for the adjustment of the charges ordered to be debited to the General Murzrai Surplus Funds, I would propose that all the Murzrai Institutions be divided into 2 classes - Major and Minor - that institutions - war details be maintained only in respect of the funds of the ^{that the funds of the minor institutions} Major institutions including the few credits of a general nature, be put together and constituted a lump sum fund under the designation of "General Murzrai Surplus Funds", and that to this general fund be debited all Miscellaneous Charges of the kind referred to above. What Institutions may be regarded as Major and what, Minor, may be easily decided with reference to the local importance and financial resources of the several Institutions. The proposed bifurcation of the Murzrai Institutions not only suggests a simple means for the elimination of the small difference existing between the Comptroller's ledger and the District Accounts as now compiled, but will also simplify

the future audit of the Murzai accounts.

(5) Out of the Murzai Surplus Funds, a sum of Rs 2,56,000 - is held in the shape of Mysore Railway Debenture Bonds and Government of India Pro Notes. In these Pro Notes, numerous petty institutions own shares ranging from fractions of a rupee to 20,000 Rs; and the institution-wise distribution of the half-yearly interest realized on the Pro: Notes is attended with great labor and confusion in the accounts. It will be convenient if the Pro: Notes are distributed only among the major institutions and into shares of Rs 500 - and integral multiples thereof. This re-distribution may be effected easily by refunding to the minor institutions the nominal values of their respective shares out of the funds of the Major Institutions to which the Pro: Notes might be assigned.

(6) Savings Bank deposits: - The orders contained in Govt. Pro: No. $\frac{5112-20}{132}$ dated 6th December 1887, prohibit the investment in the Government Savings Bank of Murzai funds other than Puduvatt Funds, and direct further that the Murzai and in para 2 of Pro: No. $\frac{1654-62}{m. ci. 74}$ of 14th May 1891 the Govt. have directed further that "Savings Bank deposits of each district shall be so made as to be available to be operated upon by each deputy Commissioner with the sanction of Government."

But this Rule has been lost sight of, and the Taluk Amildars, now deposit Muzrai Funds of whatever nature in Savings Bank and withdraw them as they like without reference to the Deputy Commissioner and without any rule or principle of action.

The result is that the accounts have been thrown into confusion and the Funds have become liable to be misapplied in various ways.

A definite ruling on the subject appears to be urgently called for.

6. In conclusion I have to add that the accounts of the Muzrai Institutions under the management of the Palace Controller have not been verified and institutionwise details for the sum of Rs 66,041- available at the credit of these Institutions have not therefore been worked out.

7. The funds of a few Maths and other Institutions which are now under the direct management of Government as a temporary measure are, under Comptroller's Circular No. 1862 dated 25th October 1896, held under a separate Head of Accounts known as "Receipts of Muzrai Institutions under the temporary management of Government". These funds have not been dealt with in the Comptroller's Report.

— Memo —

Verification of balance of
the Muzrai Institution in
the several districts

Bangalore district

In checking the accounts of the Bangalore district, it was found that the balance of the several Institutions as they stood on 1st April 1885 was Rs 3457-9-11 which included a sum of Rs 37-12-1 pertaining to institution of the Muzrai Taluk since transferred to Tumkur district. Deducting this, the net balance was Rs 3419-13- against Rs 3411-13- the Ledger figure of our Office of the corresponding period. This district balance was adopted and details of receipts & payments under "Surplus Funds" & "Receipts of Temples" were gathered & analysed institution wise & final statement has been compiled.

In checking the accounts of
the Tumkur district, it Tumkur district
was found that the balance
of the institutions as they stood
on 1st April 1881 was No 1067-3—
against No 804-7-8 according
to ledger books of our office.
This district balance was
adopted & final statement
has been compiled so as to
arrive at the balance of
the institutions as they stood
on 30th June 1900.

In the opening balance
of the Kolar district, the Kolar district
annual accounts of previous
years were not regularly
available either in the
district office or in any
of the taluk offices. From
a plus and minus memo
maintained in the district
office showing there in, figures
of receipts, payments & balance
in a lump sum for the
whole district without
showing institutions as,
it is found that the

Total balance for the district
on 1st April 1881 was Rs.
Rs 2412-4-2 against Rupas
Rs 2516-8-7 according to
books of our officer in district
figure less by Rs 104-8-5.
This district figure was
adopted & final statement
has been compiled

In the course of checking
the accounts of the Boringahata
Taluk of this district, it was
noticed that a sum of Rs
508-5-9, the amount of
yearly grant to Barakala-
swamy matta, remained
undrawn for the year 1891;
and the same was debited
to "Bellugrai" & credited to
"Surplus funds" in the Taluk
accounts on 30th March 1891
claim for the payment of
the same having been
subsequently made by the
matta, the amount was
charged to "Surplus funds"
in the Taluk accounts on
7th May 1891 and paid to
the Institution on debit
Rs 508-5-9 at both times

is found to have been
charged to "Surplus funds" or
in the accounts of our office
instead of the first one to 18
Muzrai, and the second one
to Surplus funds. The second
debit has been omitted in
the statement now compiled.

This mistake has been
rectified in the accounts
for 1900-80 by transfer entry

The balance transferred
taken from the accounts
of the district office as it
stood on 1st of April 1881 was
Rs 8425-0-1 against Rs
8432-0-0 according to
Ledger of our office with
a small difference of Rs 6-15-11.
This district figure was
adopted & in a statement
submitted in 1881 has been
compiled.

Shenoga District

During the territorial
changes of 1882 & 1886, the
institutions of the Davaangere
Taluk of the District (Chitaldurg)
had been attached to this
District from December
1882 to March 1886. The
names of these institutions

has been duly transferred
to the Chitaldroog district
in the statement compiled.

Chitaldroog district This district was a Bolshoi
in December 1882 and again
reformed in 1886. The balance
of the institutions as they
stood when the district
was split up (Dec 1882) was
gathered from the records
of Shamoga & Zumbur
districts, to which the Taluqa
had been attached in the
interim. It was Rs 24048—
against Rs 2232— according
to Books of our office i.e.
district figure more by
Rs 1728—. This district
figure was added & details
of receipts & payments from
1882-83 to ~~1885-86~~ 1885-86—
were gathered
from the accounts of the
Zumbur & Shamoga districts
and details for the subse-
quent period from 1886-87
to 1888-89 from the accounts
of the Chitaldroog district.
Final statement
compiled accordingly.

In checking the accounts of this district it was found that the haphazi or undrawn savings of the Institution from July to December 1894 amounting to Rs 496-15-2 (details in the margin) were first debited to "Bollugrai" & credited to "Surplus funds" regularly every month in the district accounts. The said sum of Rs 496-15-2 was again (twice) charged to "Bollugrai" & credited to surplus funds in the accounts of our Office for December 1894. This second credit has also been omitted in the final statement now compiled for this district.

	Rs - Rs - P
July 1894	243-13-1
August 1894	89-5-1
September	16-2-4
October	37-10-5
November	42-5-
December	67-11-3
Total	496-15-2

The error has been rectified in the account for 1900-90, by transfer out & y.

The Hassan district like Brikaidroog was abolished in December 1882 and again established in April 1886. The taluqs of this district - has been attached to Kadur and

Hassan district

Hassan district

and Mysore districts in the interval. The balance of the institutions of the old Hassan district as they stood in December 1882 was Rs 35853-12-9 gathered from the records of the Kador & Mysore districts, against Rs 31814-14-1 according to ledger of our office district figure more by Rs 4038-13-10.

In April 1886 when Hassan district was reformed the Taluqs of Chennarayana, Hole Karsipur & Kalgud were retransferred to Hassan from the Mysore district and the Taluqs of Hukappa and Hajamangla were permanently retained in the Mysore district. The Taluqs that had been transferred to Kador district were retransferred in full back to Hassan district in April 1886. Certain other institutions which were in the Kador district prior to 1882 were also

transformed to Hassan District
in 1886; and the amount
in their favor was Rs 839-15-5.
Adding this to the balance
of the old Hassan District
the total came up to Rs
36693-12-2 and deducting
from this, the amount
of Rs 12892-9-0 the balance
of institutions of Attikuppa
& Vajamangla Taluq &
permanently retained in
the Mysore District, the
net balance was Rs Rs
Rs 23801-3-2. This balance
was adopted & final
statement has been
prepared accordingly:-

The balance of the institutions Kodur District
& the Kodur District
on 1st March 1883 was
Rs 12973-13-6 against
Rs 12936-12-4 according
to ledger of our office
with a difference of
Rs 37-1-2. Deducting

from this the amount of Rs
839-15-5 the balance of
certain institutions trans-
ferred to Hassan district,
the net balance was Rs 12133-14-
& this balance was adopted
& final statement has
been compiled accordingly

district

The balance of the Institutions
of the Mysore district as they
stood on 1st April 1882 was
Rs 33342-1-2 against Rs
37532-10-9 according to
Books of our office i.e. district
figure less by Rs 4190-9-7.
Adding to this the amount
of Rs 12892-9- the balance
of institutions of Atha Kuppia
& Karamangla Taluqa trans-
ferred from the Hassan
district the total balance
was Rs 46234-10-2 and
this was adopted & final
statement has been
prepared accordingly.

In checking the accounts
of this district, it was found
that certain items of credits
of Sivasamudram taluqa
in the Malavalli taluqa &

Kyasaraya matta, Tekkoneswar
ling, both institutions under
temporary Government
management, were wrongly
credited to "Receipts of Temple
Ornament" instead of under
"Temporary". This was not
included in the statement
now compiled.

This has been rectified
in the account for 1900-80
by transfer entry.

The transactions of Mugrai
funds in the Nagar Treasury
are few and mostly refer to
payments of the temporary
establishment maintained
in the Mugrai Secretary's
Office. There were also few
other items of receipts or payments
pertaining to certain
institutions belonging to
Mysore, Shimoga & Kaddur
districts. They have been
duly transferred to those
districts in the statements
compiled.

to certain institutions. The Government orders under which these charges were incurred simply state that the charge be debited to "General Surplus funds" without specifying the funds of any particular institution.

All these general payments have been shown separately in the statements compiled for each district. The total of such miscellaneous credits & payments for each district is shown in the margin. In addition to this a further sum of Rs 31,250-7-4, debited on account of repairs executed to Ranganathaswamy & Gangadhar temples at Gaurangapatam, in the Mysore district, was ordered to be met from "Provincial Surplus funds".

A statement has been compiled for each district showing therein figures of receipts, payments and balance Salugwar.

MUZRAI DEPARTMENT.

Comptroller's Letter no ⁶⁶⁸⁷/₈₈ dated 15th June 1907
NOTE.

A

Muzrai Accounts.

For many years past, there has not existed any satisfactory system of auditing Muzrai Accounts in the Comptroller's Office.

~~The item "Muzrai" is not a "Service head" of the Budget, but comes under "Public Debt".~~

2. In April 1897, the Comptroller submitted to the Government in the Muzrai Department two Memoranda on the defective arrangements in his Office in the matter of the audit of Muzrai Accounts. He remarked as follows:-

D No. 6686, dated
15th April 1897.

"At present the audit performed in
"this Office is no audit at all. The
"Treasury Officers certificate as to
"balances in favor of each temple is
"admitted by this Office without having
"any means of checking the same. What
"accounts the Treasuries maintain and
"how the balances as certified by them
"have been arrived at, this Office has
"no information. The District balances
"standing in the books of this Office

justing the expenditure of the

2.

"are in some instances debit balances,

"and yet this Office has been admitting

"charges in those instances."

The Comptroller therefore made proposals for obtaining from the Districts details of Receipts and Expenditure of all the Institutions under Muzrai management and for maintaining in his Office ~~P~~ersonal Ledgers for each Institution, so that it might be possible to state at any time what was the correct balance in favor of any Institution.

But before such a system could be brought into full operation, the Comptroller pointed out that it was necessary to obtain from the Treasuries a list of all the temples &ca., with the balances in favor of each, and verify them as far as possible with the figures of his own Office, a work which required much scrutiny and labour. For this investigation and for carrying out the current work of audit in his Office, the Comptroller asked for a Special Temporary Establishment at a cost of Rs. 105 rising to Rs. 135 per month.

8(7)
This has been
dealt with already
ref(0)

3.

3. The late Muzrai Superintendent^{cut} and Secretary having agreed as to the necessity for instituting a thorough investigation of the accounts and verification of the cash balances at the credit of the several Institutions, it was ordered that Mr. Krittgunjaya Iyer, Manager of the Muzrai Office, assisted by a Clerk from the said Office, and a Clerk of the Comptroller's Office should be deputed for the work and that they should proceed to every District Head Quarters and ascertain the balances of the various Institutions and verify them with the Comptroller's and District Offices.

4. The Officials so deputed have performed the task assigned to them, but it would appear that they experienced considerable difficulty in arriving at balances with any amount of certainty or accuracy. The confusion in the accounts was caused chiefly by the Taluk Officers working on different lines from the Treasury, and the want of proper control from the Comptroller's Office. Fur-

ther

4.

Further complications were caused by the abolition of the Districts of Hassan and Chitaldrug in 1882 and their reconstitution in 1886 with certain changes of Taluks consequent thereon. The difficulties experienced are explained at some length in Mr. Mri-tyunjaya Iyer's Note of the 18th July 1900.

5. The Officials deputed for the examination have ~~been~~ prepared detailed statements of Receipts and Expenditure and balance for each Institution in the several Districts, taking for their starting point for the several Districts different years such as 1881, 1882, 1883 and 1885, in which there was the least discrepancy between the Comptroller's and the District figures. In making these calculations they did away with the distinction which had formerly existed from the late Chief Commissioners' days between income and expenditure from "Tasdik grants" and those from "other sources" (known as Hosa-head) and which distinction was a constant source of complication in the accounts. The

abolition

5.

abolition of this distinction had been recommended by the Comptroller in his letter No. 1904/732, dated 10th September 1898, and was approved by the late Dewan by his note "Amalgamation approved" endorsed on the Comptroller's letter.

6. The results as to the balances at the credit of each Institution, arrived at in the manner above indicated and brought up to the 30th June 1900, are contained in 8 statements for the 8 Districts prepared by the Officials deputed for the work. These statements have been submitted to Government with the Comptroller's letter No. 6687/55, dated 15th June 1901, and the results, obtained after so much careful investigation may, it is submitted, be accepted by Government.

(8)
yes. then X
results may be
accepted -

7. Before finally adopting these figures, however, the Comptroller says that certain charges already incurred have to be adjusted. These consist of expenditure sanctioned from time to time by the Muzrai Department

of

of the Government

(1). as payable from "District Surplus

Funds", and

(2). as payable from "Provincial Surplus

Funds

Under (1) District Surplus Funds, have been sanctioned expenses of Special Prayers &ca., ordered on the occasions of births and marriages in the Royal Family of Mysore and Jubilee Celebrations, and repairs to important Institutions which had no money of their own and other miscellaneous expenditure which could not well be charged to any particular individual Institution. Charges for the repair of the Chattram at Tirupati and the pension of one Gopaliengar, a Muzrai Official, are among the charges thus imposed upon the District Muzrai Surplus Funds. Details of expenditure so sanctioned and left unadjusted are entered at the foot of the District Statements submitted by the Comptroller, and they amount to Rs. 47,413-9-0 in all, as per details shown in the margin.

*all
sur
plus
of various districts
in the Mysore State.*

1. Kolar District	Rs 2,617-6-8
2. Tumkur "	" 886-9-10
3. Bangalore "	" 8,240-13-9
4. Mysore "	" 20,340-13-2
5. Chitaldrug "	" 4,264-9-1
6. Hassan "	" 6,205-15-8
7. Shimoga "	" 1,997-3-11
8. Kadur "	" 2,860--11

Total Rs 47,413-9-0

8. The Comptroller says in regard to these charges that as they had been ordered to be met from District Muzrai Funds, they have been simply deducted from the total balances of the Districts concerned, and he asks for orders to debit those amounts against the various Major Institutions in proportion to the balances that remain to their credit, the Minor Institutions being exempted from such charges. Some such adjustment is absolutely necessary, because as a matter of fact there are no separate funds as "District Muzrai Surplus Funds" duly constituted as such, and which can be operated upon. What is generally known as "District Muzrai Surplus Fund" is merely the sum total of the savings of the Muzrai Institutions of the District, and when a lump sum is ordered to be met from those savings, the Comptroller is left in doubt as to what Institutions to charge it to. It follows therefore that all mention of "District Muzrai Surplus Fund" should be discontinued in future. What has already been sanctioned

✓
(9)
I entirely agree
the mention of
District Muzrai Surplus Fund
should be
discontinued

8.

sanctioned from that so-called Fund , however, has to be adjusted in some way or other. The Comptroller proposes that this should be done by charging the Major temples proportionately, but this is difficult as Major and Minor Institutions cannot be easi-

ly distinguished. I am of humble opinion therefore, that the easier plan would be to deduct, for the purposes of this adjustment, sums amounting to 10 per cent of the savings of the temples in each District which show balances of 100 Rupees and upwards. A statement showing the results of the proposed adjustment and how it affects particular Institutions is attached for information.

By this calculation a sum of Rs. 21,901/- is obtained for the purposes of this adjustment. The balance of Rs. 25,512-~~200~~ may be met from the sum of Rs. 66,041/- referred to in para 9(c) below.

(10)
I agree this
may be done

Under

8.

9. Under the head "^{or Provincial} General Muzrai Surplus

Funds", sanctions have been given from time to time for various charges without specifying the Institutions or even the District Muzrai Funds from which they should be met.

These sanctions have resulted in showing a

X total of Rs. 44,130-10-2 to be now adjusted.

The items constituting this amount are:-

1. Repairs to the Ranganathaswami temple at Seringapatam . .Rs20,589.
2. ,, Gangadhareswaraswami temple ,, ,,10,661.
3. ,, to several temples in the Bangalore, Tumkur)
and Mysore Districts, in all) ,, 5,348.
4. The pay of the Temporary Establishment employed in {
the Muzrai Secretary's Office costing about Rs. 80/- { ,, 6,706.
per mensem. }
5. Purchase of certain religious books ,, 615.
6. Gratuity to a Clerk named Narayanaswami Iyer ,, 210.

These charges were not sanctioned from the Muzrai Funds of any particular District, but from what was called the "General Muzrai Surplus Fund" meaning the Muzrai Savings of the whole Province. As such savings do not exist as a separate Fund, but are composed of the savings of various Institutions, for

which

which separate accounts have to be kept,
 some adjustment of the expenditure of ---
is necessary.
 Rs. 44,130-10-2 referred to above, The ad-
 justment proposed by the Comptroller re-
 quires some explanation, and this is given
 below:-

(a). A sum of Rs. 15000 was assigned as
 usual in the year 1894-95 from the State
 Revenues for constructing and repairing Muz-
 rai Institutions, and this sum was, under the
 orders of Government, credited in a lump
 to Muzrai Surplus Funds in the accounts of
 that year. The ordinary expenditure on con-
 struction and repairs incurred during that
 year appear to have been otherwise adjusted
 by the Comptroller, leaving the lump sum of
 Rs.15,000 still to the credit of the Muzrai
 X Surplus Funds. This sum of Rs. 15,000 may,
 the Comptroller suggests, be taken in part
 adjustment of Rs.44,130 referred to above.
 Although, strictly speaking, the sum of ---
 Rs.15,000 has remained at the credit of the
 Muzrai Department evidently by mistake of
 the

justing the expenditure of Rs. 44,130,

the Comptroller's Office, still, as the ---
amount was originally granted for Muzrai construction and repairs, and as heavy repairs have been executed to the Sri Ranganat^haswami and the Gangadhareswaraswami temples at Srirangapatam, it is submitted that that sum may be applied in part adjustment of the charge.

(11).

2 agree - the
proposal in
this paragraph
may be carried
out.

(b). There is an accumulated saving of Rs. 2278 shown under Muzrai Surplus, being the Government Grants to certain Institutions which have been resumed by Government. This sum also the Comptroller proposes to set off in part adjustment of the unadjusted account of Rs. 44,130 referred to above. The proposal may be approved.

(12)
proposal in para
2 is
2 ~~referred~~
is approved X
it may have a
statement of the
facts (this resumed
- information)

(c). The Muzrai Institutions under the management of the Palace Controller showed on the 30th June 1900, a lump sum credit of Rs. 66,041 in their favor as per books of the Government Comptroller's Office. Details therefor are not forthcoming either in the Government Comptroller's or the Palace Con-

troller's

justing the expenditure of Rs. 44,130, ---

Controller's Office. The figure named above seems to be the total of the savings of many years past including the years during which those Institutions were administered by the Deputy Commissioner of the Mysore District as a part and parcel of the Institutions in that District. Neither the Government nor the Comptroller nor the Palace Controller knew of the existence of this balance and therefore it was that some years back when it was found that the late Palace Controller (Mr. D. Sitarama Rao) had spent large sums of money on feeding in the Mysore Chattram, utilizing the moneys of the temples &c., under his management, the Government passed orders censuring such irregular procedure, and specially sanctioned a sum of Rs. 26,000 and odd from State Funds to recoup the losses sustained by those Institutions. The Comptroller now recommends that the sum of --- Rs. 26,000 odd given under such circumstances may now be taken from the sum of Rs. 66,041 referred to above, and utilized towards adjusting the expenditure of Rs. 44,130, ---

correctly

10. If adjustments are made in the manner pointed out above, a balance of Rs. 39188-5-10 will be left under the head "Institutions under the Palace Controller's management". From this amount the sum of Rs 25512-9-0 ~~regarding the disposal of which suggestions referred to in para 8 above may be~~ will be made in a later part of this item adjusted, leaving Rs. 13675-12-10 as the ~~remaining~~ balance under the head named above.

11. All the adjustments of previous expenditure having been disposed of in the preceding paragraphs, the next question for consideration is the procedure to be followed in future. The Comptroller says that to -- avoid all differences between the balances on the books of his Office and those in the District Accounts, and to ensure a correct application of the funds of each important Institution for its own benefit, a detail monthly audit of the accounts of these Institutions is necessary. He however thinks that such a separate account need not be kept for all Muzrai Institutions, but that they may be divided into Major Institutions

and

and Minor Institutions, that separate personal Ledgers may be kept for the former alone, while the funds of the latter may be clubbed together as a general Provincial Fund called "Muzrai Surplus- Minor Institutions" as distinguished from "Muzrai Surplus- Major Institutions". The Comptroller leaves it to this Office to decide which Institutions should be regarded as "Major" and which "Minor" and suggests that all Institutions whose average total annual income (i.e. Government Grant plus endowments and other sources) exceed Rs. 500 may be classed as "Major". He asks to be furnished with lists of such Major and Minor Institutions and requests further to be informed whether, in the case of those Institutions which are endowed with lands, the accounts for the revenues accruing from the lands should also be audited by his Office. The Comptroller promises further that on receipt of orders on the proposed scheme, he will frame rules and forms for Muzrai Accounts and submit

them to Government together with a Proposition Statement for the Establishment required, the cost of which will be a legitimate charge on the Muzrai Surplus Funds.

12. With reference to the above, it is submitted that a detailed monthly audit in the Comptroller's Office of each Muzrai Institution is absolutely necessary. Much of the confusion that has been hitherto caused for want of the necessary details in the Comptroller's Office will be removed thereby, and a wholesome check imposed on all who administer the funds of Muzrai Institutions. The Comptroller's proposals however to divide the Muzrai Institutions into "Major" and "Minor", to keep separate individual accounts only for the "Major" Institutions and to club together all the minor Institutions, and to deal with them as one whole fund, are, in my humble opinion, open to objection, although at first sight they appear very convenient and proper. In the first place, it is somewhat difficult to make a division
into

into "Major" and "Minor", because in many instances temples which have little or no cash Tasdik have considerable income from land and those which have very little of either, have large receipts from contributions from devotees, income from fees collected during Jatras and so on. Even supposing a list is prepared in this Office of what may be called Major Institutions taking all possible sources of income into consideration, I am of humble opinion that the proposal to club together the savings of the Minor Institutions according to such classi-

But it is the total income which will differentiate

To some extent must be true - but we must see also the practical convenience & expediency.

fication is not fair in the interests of those Institutions. The Minor Institutions will consist of some which have savings ~~and~~ and some which have none at all. If the fund made up of the savings of a few is to be used for the requirements of all the Minor Institutions including those which have no

x (15)

This can be prevented by sending instructions that in regard to repairs the surplus of each institution must be available & is an expenditure

savings, the result may be that the funds may be appropriated under the orders of Deputy Commissioners for the repair of Instns. which

*though the
order of the
must be
obtained*

which have no funds of their own, leaving little or nothing for the repairs of those that had saved money. Further the individuality of each separate temple will be lost and the Managers, if any, who take an interest from in temple affairs, will lose their zeal in trying to save money in the interests of the Institutions managed by them. If the Government in any individual case of a poor temple considers it necessary to specially sanction aid to that temple, it will do so with open eyes and with a due consideration of all the circumstances and of the fact that the latter can spare the amount sanctioned, but when the sanction is conveyed from a fund such as the one under consideration,

*this having been
renewed & for
it should be
exercised with
great care with
consideration so that
no institution may
under suffer*

ation, all individuality is obliterated and no one can say which temples have been the sufferers. For reasons such as these, it is very respectfully submitted that the proposed division into Major and Minor Institutions had better not be made, that a personal ledger be kept in the Comptroller's Office

(16)
 Would keep
~~separate~~ charges
 for each institution
 separately
 individually if
 Major schools
 by then if minor
 would not mix
 them up with
 temples, Chattrams
 & mautis of Hindus.

individually for all Muzrai Institutions,
 whether temples, mosques, Chattrams or Matts
 under Government management, and that the
 Receipts, Expenditure and balance of each
 such Institution be duly audited and booked.
 After the great confusion that is now being
 attempted to be set right, I think this is
 the least that can be done as a thoroughly
 effective remedial measure. At any rate, the
 system which I recommend may be kindly tried

at the outset for a couple of years and if
 it is found after that period that separate

ledgers for Minor Institutions are useless,

they can then be done away with in the case

of such Institutions as are then found to

require the change. The Comptroller can have

no objection to the proposal except on the

score of Establishment, but as the trans-

actions on account of the Minor Institutions

will be very few, there need not be much

increase of Establishment on this particular

account.

13. In communicating to the Comptroller

such

as per my ...
 the Comptroller. H

(17)
 Have already
 dealt with this
 in 2. If after experience
 we find it more con-
 -venient to deal individually
 with minor institutions
 also we may do so a
 conference hence

such orders as may be passed on the foregoing suggestions, he may be requested to frame rules and forms for Muzrai Accounts to be kept in Taluk and District Offices and submit them for the approval of Government. He may also be informed that he need not audit the accounts of the revenues accruing

X from lands endowed to Muzrai Institutions as

(19) yes that matter will be attended to in this --

and abstract statements sent monthly to the Comptroller

Office. These and other accounts are being even now received in this Office and checked and tabulated. The question whether a revision of these forms &c., is necessary will be separately gone into and reported upon.

The Comptroller may also be asked to work out the Institutionwar balances for 1900-01

(20) yes X and 1901-02, and on receipt of his reply, orders may be issued for the adjustment of unadjusted items, such as those of the Temporary Establishment of the Muzrai Secretariat &c.

/4. Next comes the question of Establishments for conducting the work of the Muzrai

Department. For the work of the audit that will be established hereafter, the Comptroller will require an adequate Office Establishment. He has not yet stated what Establishment he would require, but he said on a former occasion in 1897 that he would require 3 Accountants on pay aggregating Rs. 105 rising to Rs. 135 per mensem. About the same number of clerks on a total pay of Rs. 100 or 125 per mensem (or Rs. 1500 per annum) will now be found sufficient. The Muzrai Secretariat has at present a permanent Establishment of 8 clerks and 9 peons at a total cost of Rs. 440 per mensem, besides a temporary Establishment of 4 persons (including 2 Agamiks and an Overseer) at a cost of Rs. 80 per mensem. The cost of this temporary Establishment (which is all necessary) has to be permanently provided for. Further, with the large increase of work in the Muzrai Office of late in the matter of correspondence, Accounts, preparation of Registers of Inams &c I find it difficult to cope with the work

as not enough
but the long
established
practice

with the existing Establishment. ^xProposals
for an increase of Establishment will be se-
parately submitted when the question of Muz-
rai funds is finally settled. Meanwhile, the
existing temporary Establishment costing --
Rs. 960 per annum has to be provided for.
Further, there is no separate clerk for Muz-
rai work in the District Offices except in
the Mysore District, where 3 clerks drawing
salaries amounting to Rs. 75 per mensem are
paid from the savings of the Chamarajanagar
temple. At present the Muzrai work in the
District Offices is being done by a clerk
called the Sayer and Muzrai clerk whose pay
is debited to Provincial Revenues. Muzrai
work suffers greatly for want of a Muzrai
clerk, and when fault is found, they say
that omissions and delays are due to want of
Establishment. The Kadur District and the
Hassan District have been asking for clerks.
I think it is but fair to allow a clerk to
each District on pay Rs. 20 each per mensem.
This will mean 140 Rs. for 7 Districts and
including

including Rs. 75 on account of the Mysore District, the cost comes to Rs. 215 per mensem or 2580 per annum.

15. The total amount required on account of Establishments in the Comptroller's Office, the Muzrai Secretariat and the Districts, therefore, comes up to Rs. 5040 per annum.

Further, there are expenses of a miscellaneous nature such as Special Prayers, during Royal Births, Marriages &c., Bhikshas to Priests of Matts, purchase of Religious -- Books and monthly grant-in-aid of Rs. 25/- to Srinivasa Mandiram and help to similar Institutions and any other grants of a charitable nature which Government may be pleased to sanction. All this may be roughly put

down at Rs. 2000 a year. So that the total requirements from Muzrai Funds unconnected

with any particular Institution will be

about Rs. ⁸⁰⁰⁰~~7,000~~ a year. The source for such

expenditure has to be definitely fixed so as

to avoid the uncertainty which has been cause

till now and which has occasioned so much

difficulty.

Rs. 5760/- including the 3 addl. flunks asked for for the Muzrai Office on the preceding page Y

It is a question whether the above amount ^{may not} be all paid by the State done by in the case of a portion of the Muzrai Secretary's Office to the extent of Rs. 440 per mensem as is done in the case the Local Fund Deptt Y

difficulty in adjustments. Almost all the items above-mentioned being a legitimate charge on Muzrai Funds, the money required therefor has to be found from the Surpluses of certain particular Muzrai Institutions. Which Institutions should contribute towards this purpose and to what extent will have to be definitely fixed so that there may be no uncertainty or confusion in the matter of adjustments. What appears to me to be a simpler course and one which is not likely to operate with hardship on any Institution, is that the interest on the sums invested in Government Paper from the various Institutions may be advantageously utilized for the purposes of these payments. At present, many of these investments are very insignificant amounts which give little or nothing to the Institution concerned but the interest of which taken together form a respectable sum. There are at present Rs. 2,07,000 belonging to various Muzrai Institutions invested in Government of India Pro. Notes, and a sum of

Rs.

(23)
a stand order

must specify
this invariably.

Correctly Rs. 2,76,500, as
per (draft) Final Report for
1901-1902. *LL*

Rs. 49,900 which stood invested in the Mysore Railway Debentures has been recently invested by the Comptroller in Govt. of India $3\frac{1}{2}\%$ Securities. The interest on ^{all} these investments comes to about Rs. 8,900^{*} per annum. This sum is a little over what is required for our annual payments for the Establishment and other miscellaneous charges and may be constituted into a special fund called the "Muzrai General Fund" to be operated upon by the Government. To this may be added the sum of

13,675-12-10

Rs. remaining out of the sum of --

Rs. 66,041 shown as balance in favor of Institutions under the Palace Controller's -- management referred to in para 10 above. This Fund, duly constituted as it will be, of amounts taken away from the income of certain Muzrai Institutions under the authority of Government will be similar in nature to the

"Local Funds General" and will be free from the objections which existed against the former "District Muzrai Surplus Fund" and the "Provincial Muzrai Surplus Fund".

Correctly Rs. ~~9681~~ 9681.

In this Fund may also be added the sum of Rs. 10,442-13-11 kept to as not belonging to any Estate, in Statement No. I attached to the ~~frank~~ letter No. 6687 dated 15th June 1901, and which 'inadvertently omitted' take into calculation preparing this Office etc. All 20/6/03 X

(24)

I am not quite
satisfied,
I am not prepared
whereas a doc on
this point.

16. It should ^{I think,} be distinctly declared that no funds exist called "District Muzrai Surplus Fund" and "Provincial Muzrai Surplus Fund", and no orders should be passed sanctioning any amounts debitable to such funds. When sanctions for extensive repairs of Muzrai Institutions such as the Sri Ranganatha Swami temple at Seringapatam are conveyed, the order should explicitly state from what temples and to what extent the other Institutions should contribute towards such repairs when the Institution concerned has not sufficient savings of its own to bear the entire cost.

(25) X
I quite agree
the order has
passed should
contain a direction
on this point.

17. Another matter connected with the finances of the Muzrai Institutions is that of the Savings Banks. I called for and have obtained lists of all investments made in -- Savings Banks in all Districts and find that sums aggregating Rs. 1,60,530 are in deposit in Savings Banks. There are, I believe, irregularities in connection with the management of these investments which will be looked

M U Z R A I D E P A R T M E N T .

M E M O .

In para 148, Chapter III, of Mr. Kiernander's Report, it is said that no detailed check is exercised by the Government Comptroller's Office over the expenditure of the Muzrai Institutions under the management of the Palace Controller. Mr. Kiernander, however, says that the Palace Controller forwards to the Government Comptroller's Office every month an abstract showing the Receipts and Disbursements in detail of each Institution. But this does not appear to be checked in that Office as they have not maintained Institutionwar Ledgers.

1. The following is the procedure now -- adopted by the Palace Controller in respect of these Muzrai Institutions under his -- management:-

2. Revised Tasdik Patties shewing the fixed charges for Establishment, Paditara, Ut-savams &ca., have been framed by Government for each Institution and copies thereof furnished

2.

furnished both to the Government Comptroller and the Palace Controller. The latter draws from the Mysore District Treasury on monthly Abstract Bills the amounts required for each Institution according to the sanctioned --- scale, and after meeting the necessary expenditure, sends at the end of every month to the Government Comptroller's Office an Abstract Statement showing the receipts and disbursements of each Institution. The Govt. Comptroller's Office do not make any audit of these accounts as they keep no Institutionwar Ledgers either of these Institutions or of the Institutions in the several Districts. The Comptroller's Office simply shows a lump sum balance for all the Institutions under the Palace Controller's management. The want of an Institutionwar audit for all the temples &c in the State has formed the subject of separate correspondence and a long Office Note on the subject is separately submitted to the Dewan today.

4. Copies of the Abstracts sent by the
Palace

Palace Controller to the Government Comptroller are simultaneously received with details (Kachakadeband) in the Muzrai Secretariat, where they are scrutinized and necessary orders are issued in Kanarese. This was not being done before, but I arranged for it -- sometime back and it is in working for the past 6 months or so with regard to all the Taluks.

5. Mr. Kiernander says that unspent balances are remitted to the Treasury, while those that remain in the hands of the Palace Controller are treated as Departmental balances and passed through the head "Suspense". He probably means that, instead of remitting the whole of the unspent balance to the Treasury, the Palace Controller sends a portion of it to the Treasury and keeps the balance with him under a separate head "Suspense" or "Amanâth". As a matter of fact, the Palace Controller was doing-~~so~~ this, but lately, i.e., in May 1902, orders were issued to him from thi Office asking him to credit the

entire savings of the Institutions concerned which accrued during the month, to the funds of the respective Institutions, and not to keep with him any money under a separate head "Suspense" or "Amanath". He replied agreeing to this and has no doubt been following this procedure since then. So, this point requires no notice.

6. The reason why no check is exercised by the Government Comptroller's Office has been explained above. When Institutionwar Ledgers are introduced, the Comptroller will be able to audit the accounts checking them with the sanctioned scale (Tasdik Patties). But the checking of the minor details will continue to be made by the Muzrai Secretariat as -- heretofore.

Bang
19th June 1900

My dear Mr. Suboyer,

The Dewan yesterday went through the file relating to Muzrai Accounts with me and promised to think over the two three important questions arising therein and give his orders within the next two or three days.

Meanwhile, he asked me to ascertain from you what Establishment you would require (i) for keeping a detailed audit of the accounts of all the Muzrai Institutions individually and separately and (ii) for keeping such an

ly for Major institutions
while one combined
account may be kept
for "Minor" institutions.

I may add that if the
division of the Institutions
into "Major" and "Minor"

to be adopted it is
probable that Govt. may
decide that the Major
Institutions will consist
of those whose annual
income from all sources
is Rs 200 or Rs 250 and
above.

The Dewan says that
if the probable cost of
the Establishment required
for each of the different
courses pointed out, be
intimated to him imme-
-diately it will help him
in his decision

The Dewan further

wishes to know in what
account, the sum of
Rs 66041 stated to be
at the credit of the
temples under Palace
management is shown
and whether the amount
is actually available
now and, if so, under
what head.

Kindly favor me with
a very early reply and
oblige

Yours very sincerely,

P.S.

The Dewan further
requests you to start
the preparation of the
Rules and Forms of
Muzrai Accounts

required

(b)
The matter has been
under taken. Yr. is
must be dealt with
promptly

is the future so that
it may be brought
to force out a very
early date.

W
H

Bangalore
22nd June 1903.

Dear Mr. Anantacawmy Rao,

With reference to your R.D. of 19th Instant re Mysore accounts, I beg to state that the Ready Money Income Regulators show only the State grant payable in cash, and not the total income of each institution i.e. the State grant and other receipts, such as Land Revenue &c. It is not therefore possible for my Office to determine the class of each institution.

Further I understand that your Office has lately regulated the expenditure of a few of the institutions, fixing amounts for Establishments, and for ordinary and extraordinary services. I do not know whether my Office should audit the expenditure of the different institutions with reference to these details, or simply watch that the expenditure does not exceed the total receipts.

There are in all 1251 institutions in the Province; of which 160 institutions of Government are allowance of more than Rs 200/ each and it is not known how many more institutions have to be added to this number by taking the total income into account (including Revenue from Inam lands Namhays &c).

Unless I know the approximate number of Major and Minor institutions, and the kind of audit I must apply to the expenditure of the various institutions, I cannot exactly say the number of hands required in my office for the work. It won't however, upon the following scale as already reported of all Institutions were to be brought under audit.

- 1. 2^d grade Accountant - Rs. 50 to 65.
- 1. 3^d grade Accountant - " 30 to 45
- 1. Minor Accountant - " 25.

As regards the sum of Rs. 66,041/ that remains at the credit of the Palace Institution on 30 June 1900, it is shown in the Provincial Accounts and the whole amount which I must have

11967/03

have ~~been~~ slightly increased or decreased
by the transactions or the subsequent items
included in ~~and for~~ ^{forms part of} the Balance at the
close of the "War Surplus Fund" and
Funds under the management of Govern-
ment Officers."

Yours very Sincerely

Edwin Brown

Muzrai Accounts.

note. Please
draft an order
on the lines I
sent the facts so
well kept out
in this note - &
submit early
(11/11)

3. VIII 03

Demi Official letter written to him under
the Dewan's verbal instructions is herewith
submitted. As regards the establishment re-
quired by him for keeping Muzrai Accounts he
says that in the first place he must know
the approximate number of Major and minor
institutions, and in the second place the na-
ture of the audit that is to be made in his
Office, that is to say, whether he should

see that every item is spent according to
the details of the Tasdik Patties or simply
watch that the expenditure does not exceed
the total prescribed by the Tasdik Patti.

2. The total number of institutions
according to the Accounts of this Office,
enjoying cash grants (with or without land
endowments) is 1,606. There are some more
enjoying land endowments alone. A classi-
fication can be made in this Office as to

(1)
Think for the
present - he may
simply watch
that the expenditure
does not exceed the
total prescribed by
the Tasdik Patti

what institutions are to be treated as Major
 and what as Minor, when orders are passed as
 to where the line should be drawn. My humble
 representation has been that all the insti-
 tutions should be brought separately and in-
 dividually on the Comptroller's Books. This
 will only involve a large number of pages to
 be opened out, but the check and audit will
 be very little in the case of a great many
 of the institutions. If however, the idea
 of clubbing together the transactions of all
 Minor institutions finds favour with the Govt.,
 I would suggest that the class of Minor insti-
 tutions should be restricted to those whose
 income from all sources is not more than
 Rs 200 a year. The Comptroller says that the
 institutions receiving cash grants above
 the limit of Rs 200 number 160. Allowing
 for omissions and including institutions
 having land grants &c, the total number of
 such institutions may be put down at 500 at
the highest. All the rest (about 1500) will
 have to go under minor institutions and will
 have no separate check or audit. If an Account

(2)
 Whether all the
 small Major
 institutions or
 - verminally & minor
 institutions in a
 body should be
 audited - Rs 250 or may
 be fixed as the
 difference making li

of the individual Minor temples is not kept in the Comptroller's Office it will have to be kept in the Muzrai Head Office, where also additional help will have to be given in the shape of working hands.

3. As regards the nature of the audit, it will be sufficient if the Comptroller checks the expenditure with reference to the total Tasdik Scale under the large heads of (I) Establishment (II) Nitya Katle Paditara &ca, and (III) Hechu Katle or extraordinary Utsavas. The minor details will be checked in the Muzrai Head Office as is being done now.

4. The Comptroller says that if an audit of all the institutions is to be made in his Office, an establishment costing 105 Rs rising to 135 Rs per mensem is required as shown in the margin. The addition to the Muzrai Office will depend upon the orders that may be passed as regards the establishment of the Comptroller's Office.

5. It may be added that the accounts of the several Matts under Govt. management and of all the Chattrams in the State should

2nd grade accountant 50 to 65.
3rd --Do-- 30 to 45.
Junior --Do-- 25 Rs

be kept separately and individually in the
Comptroller's Office.

(5) yes

6. The Comptroller points out that the
sum of ₹ 66,041 stated to be at the credit
of the institutions under ^{the} Palace Controller's
management is available and forms part of
the balance at the credit of the "Muzrai
Surplus Funds and temples under the management
of Govt. Officers". These amounts are
shown in lump sums at page 38 of the Comptrol-
ler's Financial Report for 1901-02, a copy of
which has been already submitted with the File.

them

(New page)

against the various major institutions of such Districts in proportion to the balances that remain to their credit, the minor institutions being exempted from any payment on account of them.

Such an adjustment appears to Government to be necessary, because as a matter of fact, there are no separate

"District Muzrai Surplus Funds" duly constituted as such, which can be operated upon for meeting unexpected expenditure. What is generally known as

"District Muzrai Surplus Fund" is merely the sum total of the savings of the Muzrai institutions of the District, and when a lump sum is ordered to be

met from those savings, the Comptroller is left in doubt as to what institutions to charge it to.

7. Under the head "General (or Provincial) Muzrai Surplus Funds" notifications were given from time to time for various charges without specifying the institutions or the District Muzrai

(New sheet)

9

tions which savings have to be accounted for to them. Particular sources have therefore to be indicated from which the expenditure in the cases referred to above can be met, and these the Comptroller points out as follows:-

(a) A sum of Rs.15,000/- which was assigned as usual, in the year 1894-95 from the State Revenues for constructing and repairing Muzrai institutions, was, under the orders of Government, specially credited in a lump to Muzrai Surplus Funds in the accounts of that year while the ordinary expenditure on construction and repairs incurred during that year was otherwise adjusted by the Comptroller. The lump sum credit of Rs. 15,000/- is now proposed to be taken in part adjustment of the expenditure in question.

(b) An accumulated saving of Rs. 227/- composed of the Trade Allowances of certain institutions which have been released by Government is proposed to be

1000

() The interest in this is under the
 of the Police Controller showed
 to be June 200, 1912, and credit
 to the Police Controller's Office.
 The following is the list of the Police Controller's Office.

...  
...

As much inconvenience is  
caused as shown above by sanctions of  
expenditure being asked for and given  
from "District Muzrai Surplus Funds"  
and "General (or Provincial) Muzrai  
Surplus Funds", Government direct  
that the use of those terms be dis-  
continued in future, there being no  
no such funds recognized in the accounts  
of the Comptroller's Office. When  
local authorities apply for sanction

15

to expenditure on repairs &ca, in connection with any institution which has not sufficient funds of its own to meet the entire cost, it should be distinctly stated which institution or institutions should contribute towards the cost and to what extent, without referring to any "Surplus Fund" which is not recognized in the Accounts. The Govt. also, in according their sanction, will, in like manner, indicate the precise source from which the charge in each case should be met.

13. The next question for consideration is the procedure to be followed in future. The Comptroller says that to avoid all differences between the balances on the Books of his Office and those in the District Accounts, & to ensure a correct application of the funds of each important institution for its own benefit, a detailed monthly audit of the accounts of these institutions

is necessary. He however thinks that such a separate account need not be kept for all Muzrai Institutions, but that they may be divided into "Major" institutions and "Minor" institutions, that separate personal ledgers may be for the former alone, while the funds of the latter may be clubbed together as a General Provincial fund called "Muzrai surplus-minor institutions" as distinguished from "Muzrai Surplus-major institutions". The Comptroller further suggests that all Institutions whose average total annual income (i.e. Govt. grant plus endowments and other sources) exceed Rs 500 may be classed as "Major". He requests to be furnished with lists of such Major and Minor Institutions, and to be informed whether in the case of those institutions which are endowed with lands, the accounts for the revenues accruing from the lands should also be audited by his Office. He also says that if an audit

2.

(1) Second grade accountant  
Rs. 50 to 65

(2) Third grade accountant  
Rs. 20 to 45

(3) One junior accountant  
Rs. 25.

of all the Institutions is to be made  
in his Office, an Establishment cost-  
ing Rs 105 rising to Rs 135 per mensem  
is required as shown in the margin.

14.

With reference to the above, the  
Government agree with the Comptroller  
in thinking that a regular monthly au-  
dit of the accounts of Muzrai Institu-  
tions should be conducted in his Office  
and they accept his proposal as to the  
division of the institutions into 2  
classes viz, "Major" & "Minor" and direct  
that the institutions whose total annu-  
al receipts from all sources are not  
less than Rs 250 be regarded as "Major"  
and the rest "Minor" and that separate  
individual accounts should be kept for  
the "Major" institutions only, all the  
"Minor" institutions together being ~~dealt~~  
dealt with in one account. In clubbing  
the minor institutions together, Govt.  
deem it desirable that the accounts of  
Mosques & other Mahomedan Institutions  
should be kept separately from those of  
temples & other Hindu Institutions. The

accounts of the several Matts under Govt.

management and of all the Chattrams in the

State should also be kept separately and indi-

vidually whether they are Major or Minor.

A list of the Major Institutions viz, those

whose income from all sources is Rs250 and

above will be prepared in this Office and

furnished to the Comptroller at an early

date.

12. The accounts of the revenues accruing from the lands endowed to Muzrai Institutions need not be audited in the Comptroller's Office as that matter will be attended to in the Muzrai Secretariat and abstracts statements sent monthly to the Comptroller. An account showing the balances of individual Minor Institutions will also be kept in the Muzrai Secretariat for purposes of reference.

As regards the nature of the audit to be applied to the expenditure of the various Institutions, the Comptroller requests to be informed whether he should audit the expenditure

~~17~~

19

expenditure with reference to the <sup>minor</sup> ~~minor~~  
details laid <sup>down</sup> in the Tasdik Patti of  
each Institution or simply watch that  
the expenditure does not exceed the ~~to~~  
total fixed scale. <sup>On this point</sup> ~~With reference to the~~  
~~above~~ the Government observe that it will  
be sufficient if the Comptroller checks  
the expenditure with reference to the  
total Tasdik scale under the large  
heads of (1) Establishment (11) Nitja  
Katlé Padhara &c, and (12) Hatching -  
Katlé or extraordinary Utensils. All  
the other minor details being attended  
to in the Mizrai Secretariat.

17

~~He~~ The object of the audit to be  
effected in the Comptroller's Office  
having thus been simplified, the Govt.  
considers it sufficient if two Accounts  
are entertained in that Office for  
Mizrai work, one on Rs. 50 rising to Rs.  
45 and the other on Rs. 25 per mensem,  
the charge being met from the source  
<sup>pointed</sup>  
~~pointed~~ out later on in these Proceed-

and, in the alternative, a lump sum of Rs. 50/- per member will be placed at the disposal of the Comptroller out of which he may make his own arrangements. The Comptroller is requested to report the arrangements he would propose in the letter. For the additional clerical account work which would devolve on the Muzrai Secretariat two clerks at an aggregate cost of Rs. 45 per person is sanctioned.

15. For many years past a temporary Establishment of 4 persons as shown in the attached has been maintained in the Muzrai Secretariat, at a cost of Rs. 30 per person. The pay of this establishment, although it is regularly disbursed, is not adjusted from any prescribed source of income. Similarly a sum of Rs. 20 per person given as a grant-in-aid to the Sreenivasan Madirani at Bangalore requires adjustment, and about 100 Rs. a year at least have to be provided for unforeseen charges. Government consider that the payment of <sup>such</sup> ~~these~~ charges should be provided for in the annual budget and not from the

*The following is the list of persons maintained in the Muzrai Secretariat for the year 1940-41.*

- X.*
1. Clerk on Rs 20.
  2. Agawaks on Rs. 20 each.....40
  3. Overseer on Rs 20

savings of the richer Muzrai institutions.

For the present the items of charges

referred to in this <sup>and the last preceding</sup> paragraph <sup>and</sup> will

aggregate Rs. Rs. 3,1-0 per annum, will

be debited in equal proportions to the

savings of the Sri Kalasaswara temple

at Kalasa and the Sri Chamarajawara

temple at Chamarajanagar which have

large amounts at their credit. The

actual charges incurred will be debited

to the Comptroller at the close of each

year to the temples above named or di-

rected above.

16. The Comptroller to Govt. is requested to prepare and submit the forms of Muzrai Accounts which are to be adopted in future and to give immediate effect to the scheme sanctioned in these Proceedings.

17. Two other matters connected with the ~~financial~~ finances of Muzrai institutions relating to deposits in Savings Banks and other matters are referred to the

(20)

Individuals known as Padavat Funds. Those  
will be dealt with separately on full in-  
formation being obtained from the Deputy  
Commissioners of Districts.

12/12/03  
Deputy Secretary,

Q.  
9-1-04

Submitted to the Director.

7/1/4      Hm  
--2

N o t e.

This is an important question and I have carefully studied it. There is considerable confusion at present and an early remedy is called for.

2. The instructions proposed seem suitable. They are a result of careful examination and consideration. Details may, in my humble opinion, be left to the Department concerned.

3. The main proposals are:-

(i) that certain unrecognized heads be abolished;

(ii) that certain adjustments be ordered;

(iii) that Muzrai institutions be divided into "major" and "Minor", the former being dealt with individually and the latter en bloc;

(iv) that the system of accounts be so improved as to obviate the confusion which still exists in spite of past endeavours;

(v) that the Comptroller be given a small establishment for Muzrai work; and (vi) that the clerical staff of the office of Deputy Secretary, Muzrai Department, be slightly strengthened.

4. To these proposals generally, I agree

5. I believe it is not intended that District and Taluk officers should be relieved of the management of land

endowments, all that is proposed being that the Comptroller need not concern himself with the audit of the accounts connected therewith, this work being done in the Muzrai Secretariat.

6. May not the items referred to in para 15 be debited to State Muzrai Grant instead of to the two temples at Kalsa and Chamarajnagar which are no more benefited by them than other and poorer Muzrai institutions ? On this point, I am willing to abide by the Dewan's decision.

*Chanderwasingh*

*9-1-04*

Submitted to the Dewan.

As regards the First Councillor's remark with reference to para 12 of the draft, it is submitted that it is not the intention to interfere in any manner with the powers of Deputy Commissioners or Taluk Amildars in connection with the management of temple lands. What is meant is that the accounts relating to the collections made on behalf of temples or from the lands endowed to them, should be finally tabulated and kept in the Deputy Secretariat and not in the Comptroller's Office. The above view has been accepted by the 2nd Councillor (vide para 5 of his note).

In regard to the 2nd Councillor's para 6, it is submitted that the State Grant of Rs.15,000 made annually by Government is purely for repairs to Deputy buildings and are not available for other purposes such as pay of establishments &c. (vide printed proceedings No. 259-78/De. No. 115-92 dated 15th December 1892, copy put up).

---

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(Muzarayi),—dated 15th December 1892.*

READ —

The following Memorandum, dated 15th October 1892, by the Muzarayi Superintendent —

MEMO.

"The state of disrepair of the Temples in this Province, attracted the attention of Government so long ago as 1869, and as the Muzarayi funds could not afford to bear the charge, Mr. Bowring, the then Chief Commissioner, thought, provision therefor might be made in the Public Works Department Budget. Mr. Hudson, the Comptroller, who was consulted in the matter, suggested that a provision of Rs. 10,000 a year could be made in the State Budget for the repairs of the important Muzarayi buildings, under supervision of Civil Officers."

2. "Mr. Bowring accordingly submitted an application to the Government of India on the 19th August 1869 for sanction to provide in the ensuing year's Budget Rs. 10,000 for the repairs of certain Chattrams and also suggested the advisability of assigning a moderate sum annually for the up-keep of the Muzarayi buildings. Colonel Maude likewise represented to the Government of India on the 29th July 1871 that there were 620 Temples and 27 Chattrams which were then in need of repair or restoration, the estimated cost of which aggregated Rs. 47,856 and strongly recommended to the Government of India an annual allotment of Rs. 10,000 being made from the Provincial Budget for the purpose of carrying out the repairs of Temples and Chattrams progressively for 5 years, after which its continuance would depend on the successful working of the measure. He added that neglect in repairing these buildings would have the effect of exciting the Maharaja's sympathies hereafter and induce him to spend large sums of money in their restoration. The Government of India, however, sanctioned a provision of Rs. 8,000 per annum for 3 years or Rs. 24,000 in all, being a moiety of the estimated cost of repairing these buildings then out of order, and directed that the other moiety be recovered from the managers or devotees of the Institutions concerned. Accordingly repairs were then executed to certain buildings which were in urgent need of them."

3. "The sum of Rs. 5,000 per annum was subsequently provided under sanction of the Government of India in the State Budgets of 1877-78 and 1878-79 for the same purpose. But the pressing need of funds caused by the famine of 1876-77 prevented the utilization of these amounts, and since the Rendition, no provision on this account has been made by the Durbar. The condition of these buildings, therefore after an interval of more than 20 years, during which long period little or no expenditure has been incurred in their up-keep, is such as requires immediate attention from the Government."

4. "Some of the important Temples are in a much neglected condition with vegetation growing in all the crevices. From the Returns received from the Deputy Commissioners, it appears there are 261 Temples endowed by the State which are badly in need of repairs and it is estimated that these repairs would involve an outlay of Rs. 3,91,365-8-6. These Temples have no resources of their own to meet this heavy cost and the devotees or the village communities interested are unable to contribute towards their restoration."

5. "It is undesirable that these Temples mostly built by the former Rulers at a cost of several lakhs of rupees should be allowed to go to rack and ruin. In some cases, repairs are so urgently wanted that unless early assistance is granted by the Government, the buildings must fall into irretrievable decay. I would therefore propose for the consideration of the Government that an annual grant of Rs. 15,000 be made from State funds for a period of 10 years to enable the Muzarayi Department to carry out these repairs gradually."

6. "In the next 2 or 3 years only such Temples as stand in urgent need of repairs will be taken up, reserving the others for future years as funds become available."

No. 259-68—MUZ. F. 105-92, DATED BANGALORE, 15TH DECEMBER 1892

**ORDER THEREON.**—The Government after careful consideration are satisfied that the more important Temples in the State are in urgent need of repair, and accordingly sanction for the purpose a present grant of Rs. 5,000 for 1892-93.

---

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(Muzarayi),—dated 15th December 1892.*

---

The Superintendent may make a provision of Rs. 15,000 for the same purpose in the Muzarayi Budget for 1893-94. From grants thus sanctioned, the Muzarayi Superintendent will proceed with the repair of Temples where most required.

2. As regards Temples which have no resources of their own and are still deemed worthy of preservation, the entire cost of repairs will be borne by the Government. But where the Institutions concerned have sufficient funds at their credit, the whole cost should be met from such funds; and in cases where only a portion of the estimated cost of repairs could be met from the Temple funds and the efforts made by the Managers to collect the usual contributions from the Devotees and the communities interested, prove ineffectual, the balance may be charged to the Government.

A. SREENIVASSACHARLU,  
*Secretary.*

Subject.

Draft order regarding charge of system of  
maintaining Muzrai accounts &c.

Order.

The draft order appears to me generally suitable & well adapted to effect the regular maintenance of Muzroi accounts.

I am unable, however, as at present advised to agree to the proposals contained in paras 7 & 3 with regard to the disposal of the sum standing to the credit of the Palace Institutions. With regard to the re-appropriation of the sum of Rs 26,496-0-7, I have little to say. It was apparent<sup>ly</sup>

granted under a misapprehension when a large balance was standing to the credit of the Palace Institutions, unknown to those concerned, & it seems not inequitable to use it in the manner now proposed. It would indeed be possible, but is under the circumstances unnecessary to make some reflexions on the system which permitted of such a mistake occurring. But the proposed sweeping appropriation from Palace Muzroi funds of a further sum of Rs 356-0-7 & Rs 25,512-9-0 and the definite distribution of the meagre remains amongst various institutions, is quite a different matter. The former appears to me unjustifiable & the latter to be beyond the province of the Dept. The large Palace institutions require extensive improvement & periodical repairs & if they are to be suitably maintained all the money standing to their credit is required. I understand that the last rains caused extensive damages which must be made good. Under the circumstances, I desire that the matter may be re-considered & some other source of readjustment be discovered. Govt. is responsible for payments being debited to non-existent funds & the loss must, in my opinion, fall on —

Provincial, not Palace, funds.

Reply sent on a separate  
sheet to the Dewan.

Deputy Secretary's remarks *with reference to the*  
*gracious observations of His Highness dated 12<sup>th</sup> Feb 1904.*

---

The draft has been approved in the main by His Highness the Maharaja, but objection has been taken on one point relating to the appropriation suggested regarding the sum of Rs. 66,041/- shown as remaining at the credit of the Muzrai Institutions under the Palace Controller's management.

Following the arrangement suggested in the draft of utilizing certain sums of money from the institutions which showed large balances, a certain ~~sum~~ *likewise* sum was recommended to be appropriated from the funds of the Palace Muzrai Institutions referred to above towards the adjustment of the large balance shown against the Muzrai Department. *His* ~~H.H.~~

*Highness* having graciously permitted the utilization towards this adjustment of the sum of Rs. 26,496-9-7 which had been sanctioned by Government in April 1899 from Provincial Funds towards the cost of excess feeding in H.H. the Maharaja's Chatra at Mysore, the balance due to the institutions under the Palace ~~&~~ Controller's management is reduced to Rs. 39,544-6-5. This sum, in accordance

66,041-0-0  
26,496-9-7

39,544-6-5

*His Highness,*

with the directions given by H. H. be ordered to be placed at the credit of the temples and other Institutions which are under the Palace Controller's management. It may at the same time be suggested that the sum may be apportioned by the Palace Controller among the various Institutions under him, so that individual accounts may be kept by the Government Comptroller in regard to such of them as come under the head "Major Institutions" as described in the present draft Order.

I beg to submit, in passing, that repairs and improvements were executed last year to the Sri Chanderavarti temple at a cost of Rs. 1200/- sanctioned from the State Grant and the wheels and the axle of the car were also thoroughly repaired. The damage said to have been ~~caused~~ caused by the late rains was also brought to the notice of the Chief Engineer under the Dewan's orders and an Estimate asked to be submitted after inspection by a competent P.W. Officer. A reminder has also been sent and a reply is awaited.

The amounts to be adjusted after making the change referred to in the preceding paragraphs stand

as follows:-

|                                                               |                 |
|---------------------------------------------------------------|-----------------|
| 1. Under Distt. Muz. Surplus funds<br>to be adjusted.....     | Rs. 47,413-9-0  |
| 2. Under Provincial Muz. Surplus funds<br>to be adjusted..... | Rs. 44,130-10-2 |
| <hr/>                                                         |                 |
| Total Rs. 91,544-3-2                                          |                 |
| <hr/>                                                         |                 |

Amounts to be met from:-

|                                                                         |                |
|-------------------------------------------------------------------------|----------------|
| 1. State Grant of 1894-95.....                                          | Rs. 15,000-0-0 |
| 2. Resumed Grants.....                                                  | Rs. 2276-0-0   |
| 3. Amount that had been sanctioned<br>for the Anna Chattran in 1899.... | Rs. 28,496-9-7 |
| <hr/>                                                                   |                |
| 43,774-9-7                                                              |                |
| <hr/>                                                                   |                |

Rs. 91,544-3-2 minus Rs. 43,774-9-7 equals Rs. 47,769-9-7.

Towards the adjustment of this <sup>sum,</sup> 20 % of the balances  
of all the temples in the State showing balances of  
Rs. 100 and upwards may be utilized instead of 10 % as  
shown in the original draft. This amount comes up to  
43,802-0-0. Even after such a large deduction, a balance  
of Rs. 3967-9-7 is left for adjustment. This may be  
met from the State Grant of Rs. 15000 <sup>for repairs to buildings</sup> provided in the  
current year's Mazraai Budget.

Portions of the draft have been altered

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

---

READ—

Letter No. 6687—55, dated 15th. June 1901, from the Comptroller to the Government of Mysore, re the Muzrai Accounts.

Also—

D. O. dated 19th June 1903, from the same officer, to the address of the Deputy Secretary to Government in charge of the Muzrai Department, on the same subject.

---

No. 2892-901—Muz. F. 5-96, DATED BANGALORE, 19TH MARCH 1904.

ORDER THEREON.—For many years past there has not existed any satisfactory system of auditing Muzrai Accounts in the Comptroller's Office. In April 1897, the Comptroller submitted to the Government in the Muzrai Department two Memoranda on the defective arrangements in his office in the matter of the audit of Muzrai Accounts, and made proposals for obtaining from the Districts, details of receipts and expenditure of all the institutions under Muzrai management and for maintaining in his office personal ledgers for each institution so that it might be possible to state at any time what was the correct balance in favor of any institution. But before such a system could be brought into full operation, the Comptroller pointed out that it was necessary to obtain from the Treasuries a list of all the temples, etc., with the balances in favor of each and verify them as far as possible with the figures of his own Office, a work which required much scrutiny and labor. For this investigation and for carrying out the current work of audit in his office, the Comptroller asked for a special temporary establishment at a cost of Rs. 105 rising to Rs. 135 per mensem. Government having agreed as to the necessity for instituting a thorough investigation into the matter, it was ordered that A. Mrityunjaya Iyer, the then Manager of the Muzrai Secretariat assisted by a clerk from the said Office and a clerk of the Comptroller's Office should be deputed for the work, and that they should proceed to every District head-quarters and ascertain the balances of the various institutions and verify them with the accounts of the Comptroller's and the District Offices.

2. The officials so deputed proceeded to the several head-quarters of Districts and performed the task assigned to them with care and intelligence. They experienced considerable difficulty in arriving at balances with any amount of certainty or accuracy. The confusion in the accounts had been caused chiefly by the Taluk Offices working on different lines from those of the Treasury, and the want of proper control from the Comptroller's Office. Further complications had been caused by the abolition of the Districts of Hassan and Chitaldrug in 1882 and their reconstitution in 1886 with certain changes of Taluks consequent thereon. Under these circumstances, the officials deputed for the examination prepared detailed statements of receipts, expenditure and balance for each institution in the several Districts, taking for their starting point for the several Districts different years, such as, 1881, 1882, 1883 and 1885 in which there was the least discrepancy between the Comptroller's and the District Office figures. In making these calculations they did away with the distinction which had formerly existed from the late Chief Commissioner's days between Income and Expenditure from "Tasdik grants" and those from "other sources" (known as "Hosa head") and which distinction was a constant source of complication in the accounts. The abolition of this distinction had been recommended by the Comptroller in his letter No. 1904-732, dated 10th September 1898, and approved by the late Dewan.

3. The results as to the balances at the credit of each institution, arrived at in the manner above indicated and brought up to the 30th June 1900, are contained in the 8 statements for the 8 Districts which have been submitted to Government with the Comptroller's letter read above. These results obtained after so much careful investigation, are accepted by Government.

4. Before finally adopting the balances shown in favor of the several institutions, however, the Comptroller says that certain charges already incurred on various

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

occasions have to be adjusted. These consist of expenditure sanctioned from time to time, by the Muzrai Department of the Government,

(i) as payable from District Muzrai Surplus Funds : and

(ii) as payable from Provincial Muzrai Surplus Funds.

5. Under (i) District Surplus Funds, have been sanctioned expenses of special prayers, etc., ordered on the occasions of births and marriages in the family of His Highness the Maharaja, Jubilee celebrations, repairs to important religious institutions which had no money of their own, and other miscellaneous expenditure which could not well be charged to any particular individual institution. Details of the expenditure so sanctioned and left unadjusted amount to Rs. 47,413-9-0 as shown below :—

|                     |     |     |     |     | Rs.    | a. | p. |
|---------------------|-----|-----|-----|-----|--------|----|----|
| Kolar District      | ..  | ... | ... | ... | 2,617  | 6  | 8  |
| Tumkur District     | ... | ... | ... | ... | 886    | 9  | 10 |
| Bangalore District  | ... | ... | ... | ... | 8240   | 13 | 9  |
| Mysore District     | ... | ... | ... | ... | 20,340 | 13 | 2  |
| Chitaldrug District | ... | ... | ... | ... | 4,264  | 9  | 1  |
| Hassan District     | ... | ... | ... | ... | 6,205  | 15 | 8  |
| Shimoga District    | ... | ... | ... | ... | 1,997  | 3  | 11 |
| Kadur District      | ... | ... | ... | ... | 2,860  | 0  | 11 |
| Total               |     |     |     |     | 47,413 | 9  | 0  |

6. The Comptroller says in regard to these charges that as they had been ordered to be met from District Muzrai Funds they have been simply deducted from the total balances of the Districts concerned, and he asks for orders to debit them against the various major institutions of such Districts in proportion to the balances that remained to their credit, the minor institutions being exempted from any payment on account of them. Such an adjustment appears to Government to be necessary because, as a matter of fact, there are no separate "District Muzrai Surplus Funds" duly constituted as such which can be operated upon for meeting unexpected expenditure. What is generally known as "District Muzrai Surplus Fund" is merely the sum total of the savings of the Muzrai Institutions of the District, and when a lump sum is ordered to be met from those savings, the Comptroller is left in doubt as to what institutions to charge it to.

7. Under the head "General (or Provincial) Muzrai Surplus Funds" sanctions were given from time to time for various charges without specifying the institutions or even the District Muzrai Funds from which they should be met. These sanctions amount to a total of Rs. 44,130-10-2 as particularized below :—

|                                                                                                              |     |     |     |     | Rs.    | a. | p. |
|--------------------------------------------------------------------------------------------------------------|-----|-----|-----|-----|--------|----|----|
| 1 Repairs to the Sri Ranganathaswami temple at Seringapatam                                                  | ..  | ... | ... | ... | 20,589 | 0  | 0  |
| 2 Repairs to the Sri Gangadhareswaraswami temple at Seringapatam                                             | ... | ... | ... | ... | 10,661 | 7  | 4  |
| 3 Repairs to the several temples in the Bangalore, Tumkur and Mysore Districts, in all                       | ... | ... | ... | ... | 5,348  | 4  | 1  |
| 4 The pay of the temporary establishment employed in the Muzrai Secretary's Office costing Rs. 80 per mensem | ... | ... | ... | ... | 6,706  | 14 | 9  |
| 5 Purchase of certain religious books                                                                        | ... | ... | ... | ... | 615    | 0  | 0  |
| 6 Gratuity to a clerk named Narayanasami Iyer employed in the Muzrai Secretariat                             | ... | ... | ... | ... | 210    | 0  | 0  |
| Total                                                                                                        |     |     |     |     | 44,130 | 10 | 2  |

8. As a matter of fact there does not exist any fund known as "General" or "Provincial" Muzrai Surplus Fund to which the above named items of expenditure can be charged, the general savings of the Muzrai Department being composed of the savings belonging to various individual institutions which savings have to be accounted

*Muzrai, dated 19th March 1904.*

for to them. Particular sources have therefore to be indicated from which the expenditure in the cases referred to above can be met, and these the Comptroller points out as follows :—

- (a) A sum of Rs. 15,000 which was assigned as usual, in the year 1894-95 from the State Revenue for constructing and repairing Muzrai institutions, was, under the orders of Government, specially credited in a lump to Muzrai Surplus Funds in the accounts of that year, while the ordinary expenditure on construction and repairs incurred during that year was otherwise adjusted by the Comptroller. The lump sum credit of Rs. 15,000 is now proposed to be taken in part adjustment of the expenditure in question.
- (b) An accumulated saving of Rs. 2,278 composed of the Tasdik allowances of certain institutions which have been resumed by Government is proposed to be set off in part adjustment of the expenditure in question.
- (c) The Muzrai Institutions under the management of the Palace Controller showed on the 30th June 1900 a lump sum credit of Rs. 66,041, in their favour as per books of the Government Comptroller's Office. But in 1899, when the actual balance at the credit of those Institutions were not known, the Government in their Proceedings No. 1096-7—Muz. F. 51-93, dated 6th April 1899, were pleased to sanction a special grant of Rs. 26,496-9-7 from General Revenues for the adjustment of the excess expenditure incurred in His Highness the Maharaja's Chattram at Mysore from July 1892 to June 1898. The Comptroller recommends that the sum of Rs. 26,496-9-7 given under these circumstances may now be taken from the sum of Rs. 66,041 referred to above and utilised towards adjusting the expenditure of Rs. 44,130-10-2 mentioned above.

9. The sums to be adjusted as described in the preceding paragraphs, amount to Rs. 91,544-3-2 as shewn below :—

|                                       |     |     |            |    |   |
|---------------------------------------|-----|-----|------------|----|---|
| Under District Muzrai Surplus Funds   | ..  | ... | Rs. 47,413 | 9  | 0 |
| Under Provincial Muzrai Surplus Funds | ... | ... | Rs. 44,130 | 10 | 2 |
| Total                                 | ... | ... | Rs. 91,544 | 3  | 2 |

Upon a consideration of all the circumstances, Government are pleased to direct the necessary adjustments to be made from the following sources :—

- (1) From the State grant of 1894-95 (*Vide* para 8 above) Rs. 15,000 0 0
- (2) From resumed grants (*Vide* para 8 above) Rs. 2,278 0 0
- (3) Amount that had been sanctioned in 1899 to meet the extra expenditure in His Highness the Maharaja's Chattram at Mysore, but which will now be met from the balance at the credit of the Muzrai Institutions under the Palace Controller's management (*Vide* para 8 above) ... .. Rs. 26,496 9 7

ADD TO THESE.

- (4) 20 per cent of the savings of all the temples and other institutions in the State showing balance of Rs. 100 and upwards, as shown in the statements received with the Comptroller's letter No. 6687-55, dated 15th June 1901, which percentage is hereby directed to be utilized towards the adjustment now under consideration ... .. Rs. 43,802 0 0
- (5) Contribution now ordered out of the State Grant of Rs. 15,000 for repairs to Muzrai Institutions provided for the current official year (1903-04) ... .. Rs. 3,538 9 7
| Total | ... | ... | Rs. 91,544 | 3 | 2 |

10. Details of the deductions of 20 per cent to be made in the savings of certain institutions to the extent of Rs. 43,802 referred to above, are given in the list appended to these Proceedings. Statements exhibiting the balances shown in

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

the Districtwar lists received with the Comptroller's letter No. 6687-55, dated 15th June 1901, with deductions made therein as now ordered, are hereto appended. Similar statements showing institutionwar balances up to the 30th June 1904 should be prepared by the Comptroller and submitted to Government as early as possible, together with information as to the adjustments which have to be made in the transactions of the four years from 1900-01 to 1903-04.

11. Out of the sum of Rs. 66,041 shown in para 8 above as being at the credit of the Muzrai Institutions under the management of the Palace Controller, a sum of Rs. 26,496-9-7 which had been specially sanctioned from the State revenues in April 1899, to meet certain excess expenditure incurred by former Palace Controllers in the Anna Chattraim at Mysore, has, with the gracious permission of His Highness the Maharaja, been now utilized for the adjustment in part of the unadjusted items referred to in the preceding paragraphs. The balance of Rs. 39,544-6-5 should now be brought by the Comptroller to the credit of the Muzrai Institutions under the Palace Controller's management. This sum of Rs. 39,544-6-5 may be apportioned by the Palace Controller among the several institutions under him so that individual accounts may be kept by the Government Comptroller in regard to such of those institutions as come under the head "Major institutions" as described further on in these Proceedings. It is requested that the apportionment made may be communicated to Government for information.

12. As much inconvenience is caused as shown above by sanctions of expenditure being asked for and given from "District Muzrai Surplus Funds" and "General (or Provincial) Muzrai Surplus Funds," Government direct that the use of those terms be discontinued in future, there being no such funds recognised in the accounts of the Comptroller's Office. When local authorities apply for sanction to expenditure on repairs, etc., in connection with any institution which has not sufficient funds of its own to meet the entire cost, it should be distinctly stated which institution or institutions should contribute towards the cost and to what extent, without referring to any "Surplus Fund" which is not recognised in the accounts. The Government also, in according their sanction, will, in like manner, indicate the precise source from which the charge in each case should be met.

13. The next question for consideration is the procedure to be followed in future. The Comptroller says that to avoid all differences between the balances on the books of his Office and those in the District accounts, etc., and to ensure a correct application of the funds of each important institution for its own benefit, a detailed monthly audit of the accounts of these institutions is necessary. He, however, thinks that such a separate account need not be kept for all Muzrai Institutions, but that they may be divided into "Major" institutions and "Minor" institutions, that separate personal ledgers may be for the former alone, while the funds of the latter may be clubbed together as a General Provincial Fund called "Muzrai surplus-minor institutions" as distinguished from "Muzrai Surplus-major institutions." The Comptroller further suggests that all Institutions whose average total annual income (i. e., Government grant plus endowments and other sources) exceed Rs. 500 may be classed as "Major." He requests to be furnished with lists of such major and minor institutions, and to be informed whether in the case of those institutions which are

1 Second grade accountant  
Rs. 50 to 65.  
1 Third grade accountant  
Rs. 30 to 45.  
1 One Junior accountant Rs.  
25.

endowed with lands, the accounts for the revenues accruing from the lands should also be audited by his office. He also says that if an audit of all the institutions is to be made in his office, an establishment costing Rs. 105 rising to Rs. 135 per mensem is required as shown in the margin.

14. With reference to the above, the Government agree with the Comptroller in thinking that a regular monthly audit of the accounts of Muzrai Institutions should be conducted in his Office and they accept his proposal as to the division of the institutions into 2 classes, viz., "Major" and "Minor" and direct that the institutions whose total annual receipts from all sources are not less than Rs. 250 be regarded as "Major" and the rest "Minor" and that separate individual accounts should be kept for the "Major" institutions only, all the "Minor" institutions together being dealt with in one account. In clubbing the minor institutions together

*Muzrai, dated 19th March 1974.*

Government deem it desirable that the accounts of Mosques and other Mahomedan Institutions should be kept separately from those of temples and other Hindu Institutions. The accounts of the several Matts under Government management and of all the Chattrams in the State should also be kept separately and individually whether they are Major or Minor. A list of the Major Institutions namely, those whose income from all sources is Rs. 250 and above will be prepared in this Office and furnished to the Comptroller at an early date.

15. The accounts of the revenues accruing from the lands endowed to the Muzrai Institutions need not be audited in the Comptroller's Office as that matter will be attended to in the Muzrai Secretariat and abstract statements sent monthly to the Comptroller. An account showing the balances of individual Minor Institutions will also be kept in the Muzrai Secretariat for purposes of reference.

16. As regards the nature of the audit to be applied to the expenditure of the various Institutions, the Comptroller requests to be informed whether he should audit the expenditure with reference to the minor details laid down in the Tasdik Patti of each Institution or simply watch that the expenditure does not exceed the total fixed scale. On this point, the Government observe that it will be sufficient if the Comptroller checks the expenditure with reference to the total Tasdik scale under the large heads of (1) Establishment, (2) Nityakalte Paditara, etc., and (3) Hetchukalte or extraordinary Utsavams, all the other minor details being attended to in the Muzrai Secretariat.

17. The extent of the audit to be effected in the Comptroller's Office having thus been simplified, the Government consider it sufficient if two accountants are entertained in that office for Muzrai work, one on Rs. 30 rising to Rs. 45 and the other on Rs. 25 per mensem, the charge being met from the source pointed out later on in these Proceedings, or, in the alternative, a lump sum of Rs. 60 per mensem will be placed at the disposal of the Comptroller out of which he may make his own arrangements. The Comptroller is requested to report the arrangements he would propose in the matter. For the additional heavy account work which would devolve on the Muzrai Secretariat two clerks at an aggregate cost of Rs. 45 per mensem is sanctioned.

18. For many years past a temporary establishment of four persons as shown in the margin has been maintained in the Muzrai Secretariat, at a cost of Rs. 80 per mensem. The pay of this establishment, although it is regularly disbursed, is not adjusted from any prescribed source of income. Similarly, a sum of Rs. 25 per mensem given as a grant-in-aid to the Srinivasa Mandiram at Bangalore requires adjustment, and about Rs. 500 a year at least have to be provided for unforeseen charges. Government consider that the payment of such charges should be provided for by proportionate reductions from the savings of the richer Muzrai Institutions. For the present the items of charges referred to in this and the last preceding paragraphs which aggregate Rs. 3,140 per annum, will be debited in equal proportions to the savings of the Sri Kalaseswara temple at Kalasa and the Sri Chamarajewaraswami temple at Chamrajnagar which have large amounts at their credit. The actual charges incurred will be debited by the Comptroller at the close of each year to the temples above named as directed above.

19. The Comptroller to Government is requested to prepare and submit the forms of Muzrai Accounts which should be adopted in future and to give immediate effect to the scheme sanctioned in these Proceedings.

20. Two other matters connected with the finances of Muzrai Institutions relate to deposits in Savings Banks and cash endowments by private individuals known as Pudevut Funds. These will be dealt with separately on full information being obtained from the Deputy Commissioners of Districts.
